Ikmal Semikan,

May 9, 2023

GÖTEBORG, SWEDEN.

Job Application for Engineering Internship.

Dear Mr./Ms.

I am writing to apply for the internship position at Ikmal Semikan as advertised on your website. Having recently completed my degree in Business Information Technology, a discipline of Computer Science, at Dedan Kimathi University of Technology, I am eager to apply my knowledge and skills in a practical setting within your esteemed organization.

Throughout my university education, I have developed a strong foundation in Computer Science, with a focus on Business Information Technology. This program has equipped me with a comprehensive understanding of programming languages, software development, database management, and IT project management. I am confident in my ability to leverage these skills to contribute to the diverse projects and challenges undertaken by Ikmal Semikan.

In addition to my academic background, I possess the key competencies and qualities sought in the internship requirements. I have a solid understanding of languages such as C/C++ and Python, which I have utilized in various projects and coursework. I am adept at product-oriented design, algorithm development, and have a strong grasp of data structures and complexity analysis. These skills enable me to effectively approach and solve technical challenges.

As a creative thinker, I constantly seek innovative solutions and enjoy working collaboratively in team environments. I firmly believe in the power of effective communication and teamwork to achieve exceptional results. Throughout my academic journey, I actively participated in group projects, honing my ability to work well with diverse team members and effectively communicate complex ideas.

Moreover, I possess a strong work ethic and a self-driven nature. I am always eager to learn and expand my knowledge in the field of technology. I am confident in my ability to quickly adapt to new technologies, tools, and methodologies. As a proactive and motivated individual, I am committed to delivering high-quality work and exceeding expectations.

While English is not my native language, I am proficient in both written and verbal communication. I have consistently honed my English language skills throughout my studies and can confidently communicate ideas and collaborate effectively in an English-speaking environment.

I am genuinely excited about the opportunity to contribute to Ikmal Semikan's projects and believe that my education, technical skills, and passion for technology make me an excellent fit for this internship position. I am confident that this experience will allow me to gain invaluable industry knowledge and further develop my professional skills.

I have attached my resume for your review, which provides further details about my qualifications and experiences. Thank you for considering my application. I am eager to discuss how my skills and enthusiasm align with your organization's goals during an interview. Please feel free to contact me at your convenience.

Thank you for your time and consideration.

Sincerely,

Eric Moses Ngigi
